

Safeguarding and Welfare Requirement: Health

Where children are provided with meals, snacks and drinks, they must be healthy, balanced and nutritious.

6.5 Food and drink

Policy statement

Our provision regards snack and meal times as an important part of our day. Eating represents a social time for children and adults and helps children to learn about healthy eating. At snack and meal times, we aim to provide nutritious food, which meets the children's individual dietary needs. Parents are requested to provide a healthy snack once a term. Home-made snacks include a list of ingredients.

Procedures

We follow these procedures to promote healthy eating in our setting.

- Before a child starts to attend the setting, we ask their parents about their dietary needs and preferences, including any allergies. (See the Managing Children who are Sick, Infectious or with Allergies Policy.)
- We record information about each child's dietary needs in the Registration Form and parents sign the form to signify that it is correct.
- We regularly consult with parents to ensure that our records of their children's dietary needs – including any allergies - are up-to-date.
- We display current information about individual children's dietary needs so that all staff and volunteers are fully informed about them.
- We implement systems to ensure that children receive only food and drink that is consistent with their dietary needs and preferences, as well as their parents' wishes.
- We provide a selection of fresh fruit and vegetables for snacks.
- Parents take it in turn to provide the snack allowing children to bring in a healthy snack from their cultural backgrounds, providing children with familiar fruit and vegetables and introducing them to new ones.
- We take care not to provide food containing nuts or nut products and are especially vigilant where we have a child who has a known allergy to nuts.
- When appropriate we obtain information about the dietary rules of the religious groups to which children and their parents belong, and of vegetarians and vegans, as well as about food allergies. We take account of this information in the provision of food and drinks.
- We require staff to show sensitivity in providing for children's diets and allergies. Staff do not use a child's diet or allergy as a label for the child, or make a child feel singled out because of her/his diet or allergy.
- We organise meal and snack times so that they are special occasions in which children and staff participate.
- We use meal and snack times to help children to develop independence through making choices, serving food and drink and feeding themselves.

- We provide children with utensils that are appropriate for their ages and stages of development and that take account of the eating practices in their cultures.
- We have fresh drinking water constantly available for the children. We inform the children about how to obtain the water and that they can ask for water at any time during the day.
- We inform parents who provide food for their children about the storage facilities available in the setting.
- In order to protect children with food allergies, we discourage children from sharing and swapping their food with one another.
- For children who drink milk, we provide semi –skimmed milk.

Packed lunches

We cannot provide cooked meals and children are required to bring packed lunches, we:

- ensure perishable contents of packed lunches contain an ice pack to keep food cool;
- inform parents of our policy on healthy eating;
- inform parents of whether we have facilities to microwave cooked food brought from home;
- encourage parents to provide sandwiches with a healthy filling, fruit, and milk based deserts, such as yoghurt or crème fraîche. We discourage sweet drinks and can provide children with water;
- discourage packed lunch contents that consist largely of crisps, processed foods, sweet drinks and sweet products such as cakes or biscuits. We reserve the right to return this food to the parent as a last resort;
- provide children bringing packed lunches with cups and cutlery; and
- ensure staff sit with children to eat their lunch so that the mealtime is a social occasion.
